“

إِنَّ اللَّهَ مَعَ الصَّابِرِينَ

"Indeed, Allah is with the patient."

AL-BAQARAH 2:153

”

When the Hijrah began, Abu Bakr (RA) did not hesitate. His loyalty was not just a feeling, but a fierce commitment that manifested in the most dangerous hours of his life.

Inside the cave of Thawr, as the footsteps of the pursuers grew louder, he felt the weight of history on his shoulders. Not for his own life, but for the safety of the Messenger of Allah (ﷺ).

REFLECTION

"When has your loyalty been tested by fear, and how did faith help you stand firm?"
